

Summer Safety Tips

Keep these tips in mind as you and your family enjoy summer vacations, camping, family reunions, picnics and the Fourth of July.

Fire safety

Build campfires at least 25 feet away from tents, shrubs and anything that can burn.

If you want to see fireworks, go to a public show put on by experts. Sparklers can reach 1,200 F and cause third-degree burns.

Use propane, charcoal and wood pellet barbecue grills outdoors only. Indoor use can cause a fire or carbon monoxide poisoning.

Place your grill well away from siding and deck railings and out from under eaves and overhanging branches. Do not store or use a grill on a porch or balcony.

Use chimineas, outdoor fireplaces, and fire pits outdoors only and at least 10 feet away from your home or anything that can burn.
